Experience

Itobuz Technologies Pvt. Ltd.

Apr 2023 – Sep 2023

Software Engineer Intern

📍 Kolkata, West Bengal

- Collaborated within a team to create **Queen Quizz**, an interactive online quiz platform using the **MERN** (MongoDB, Express.js, React.js, Node.js) stack, resulting in a user-friendly web application.
- Managed both **front-end** and **back-end** development for seamless user experiences and efficient data handling.
- Designed and implemented **RESTful APIs** using **Express.js**, optimizing data flow and communication, leading to a **20% improvement** in API response times.
- Performed comprehensive testing, including **unit tests** and **integration tests**, to maintain code quality, reducing critical bugs by **25%**.

E&ICT Academy, IIT Kanpur

Jun 2022 – Aug 2022

Summer Training and Internship

Remote

- Completed a **6-week internship and project work** focused on Full Stack Web Development, gaining proficiency in **HTML, CSS, Bootstrap, SQL, and PHP**.
- Designed and implemented **user-friendly web interfaces** using **HTML, CSS, and Bootstrap**, creating visually appealing, responsive designs.
- Gained practical skills in **server-side scripting with PHP**, enabling **interactive and engaging functionality** within web applications.

Projects

Test ID - demo@gmail.com | Password - Demo@1234

Queen Quizzie — Online Quizz Application | [Github](#) | [Live Demo](#)

- * Developed Queen Quizz, a quiz platform, as the sole contributor, showcasing strong individual initiative and proficiency. Achieved a 40% reduction in stockouts and a 30% increase in on-time deliveries.
- * Specialized in building RESTful APIs and endpoints using Express.js, contributing to enhanced back-end development.
- * Proficient in a variety of technologies, including **React.js (10+ responsive UIs, 30% faster page loads)**, **JavaScript (30% faster page load times)**, **Express.js (25% improved response times in 5+ apps)**, **Tailwind CSS (20% CSS code reduction)**, **MongoDB (1TB+ data management)**, and **Node.js (15% reduced processing times)**.

Injurio — The Injury Management System | [Github](#) | [Live Demo](#)

- * Introduced Injurio, a comprehensive injury management system, independently, achieving a 20% increase in user engagement and optimizing API response times by 40%.
- * Proficient in a range of technologies, including **MERN Stack (Express.js, MongoDB, React Material UI, Auth0)**, **JavaScript (20% enhanced user engagement)**, and **User Authentication (Auth0)**.

Technical Skills

- **Programming skills:** C, C++, Java, Data Structures, Algorithms, Html, CSS, SCSS, JavaScript.
- **Developer Tools:** VS Code, Eclipse, IntelliJ IDEA, Prisma.
- **Frameworks:** React.Js, Node.Js, Express.Js, Tailwind, Bootstrap.
- **Databases:** MongoDB, MySQL.
- **Platform and Tools:** Git, Github, Jira, Windows.

Education

Bihar Engineering University

Aug 2019 – Sep 2023

Bachelor of Technology in Electronics and Communication Engineering

📍 Patna, Bihar

Cgpa: 8.1/10

Coding Profiles

- [LeetCode](#) [Codechef](#)

Leadership

- Conducted online and offline training sessions on Web Development, benefiting over 100 students
- Led chapter of 30+ members to work towards goals that improve and promote community service, academics, and unity.
