Professional Experience

Senior Full-Stack Developer

W3 Info Solutions, Lucknow | March 2022 – Present

- Developed and maintained full-stack applications using **Laravel, React, and Node.js**.
- Implemented **microservices architecture** using **Docker** and **Kubernetes** for scalable deployments.
- Led a team in **API development and integration** with **MongoDB and PostgreSQL** databases.
- Integrated **CI/CD pipelines** for automated deployment and testing.
- Managed **AWS infrastructure**, including EC2, S3, and IAM role-based security.

Laravel Developer

Zaiba InfoTech, Agra | March 2020 – February 2022

- Developed **Laravel-based applications**, integrating APIs and optimizing web performance.
- Ensured responsive design implementation and cross-browser compatibility.
- Coordinated with design and backend teams for seamless project execution.

PHP Developer (Internship & Full-Time)

📌 *Programming Park InfoTech, Agra* | 📅 *December 2018 – February 2020*

- Started as an intern and transitioned to a full-time role due to exceptional performance.
- Created and maintained PHP-based web solutions for various projects.
- Contributed to both front-end and back-end development tasks, gaining hands-on experience.
- Debugged and optimized existing applications to improve performance and functionality.
- Developed expertise in MySQL database management and delivered client-focused solutions.

Project Portfolio

1. PayStubx (Payroll Management System)

Tech Stack: Laravel, JavaScript, AWS, PostgreSQL

Role: Team Lead

Team Size: 5+

- Developed a **comprehensive payroll management system** with Laravel 9.
- Integrated **secure API endpoints** and optimized **PostgreSQL queries** for performance.
- Deployed the system on **AWS** for **high availability** and scalability.

2. Storytellers (Content Management Platform)

Tech Stack: Laravel, JavaScript, AWS, PostgreSQL

Role: Senior Developer (Team Lead)

Team Size: 5+

- Built a **scalable content management system** with Laravel 9 and AWS cloud.
- Led backend development, optimizing **database performance** and **API integrations**.

3. Wealth Mark (Cryptocurrency Trading Platform)

Tech Stack: Laravel, JavaScript, MySQL, WebSocket's

Role: Senior Developer (Team Lead)

Team Size: 7+

- Designed a **secure cryptocurrency trading platform**, implementing **real-time updates** using WebSocket's.
- Developed **wallet API integrations** and implemented **strong encryption protocols**.

Personal Interest

1. Traveling and exploring new cultures.
2. Playing outdoor games and staying active.
3. Experimenting with cooking and trying new recipes.
4. Solving puzzles and engaging in problem-solving activities.
5. Practicing yoga for mindfulness and physical well-being.

Language

- **English** (Fluent)
- **Hindi** (Native)
